

THRIVE

An initiative of **The Education Trust in Tennessee**

About The Session:

What role do colleges and universities have in overall student success? Is it limited to students on their campus? Does their mission stretch beyond those they enroll? Participants will hear how one university is actively working within its community to ensure all students succeed.

Key Takeaways:

- All The Pieces Matter: Role of Evidence-based Decision Making to Improve Student Outcomes
- The Green Zone
- The Set-up is Critical
- Example of National Models
- A Case-Study L&S Center for Academic Excellence
